MEI LI

ASSOCIATE PORTFOLIO MANAGER

Joined Amundi Pioneer: 2012

Investment Experience: Since 2003

Mei Li is an Associate Portfolio Manager and member of the Insurance Linked Securities team in Boston. Her main duties include CAT modeling and risk analysis, security evaluation, portfolio construction, supporting business development efforts and conducting ad hoc statistical analysis.

Previously, Mei was a Risk Manager and Senior Risk Analyst. In this role, she prepared, analyzed and distributed fixed income attribution and risk analytics reports, while evaluating data needed to properly monitor portfolio risk.

Prior to Amundi Pioneer, Mei was an Assistant Vice President, Risk and Attribution Specialist at Boston Private Bank & Trust. In this role, Mei conducted Equity and Fixed Income accounts attribution analysis and provided guidance on performance and attribution methodologies and results to investment, product management and marketing teams.

Mei received her B.A. from Mount Holyoke College in Economics. She also has an M.S. in Financial Economics from Boston University.
